

One way ... round trip ... GO!

Yes, go the smart way, go Amadeus and put intelligent IT into your travel management.

Get rid of complexities and time wasters when making travel arrangements and gain control of your travel budget. Amadeus solutions are flexible, adaptable and yet simply and painlessly implemented. While Amadeus takes care of the technology, you can concentrate on the important stuff: your business!

With Amadeus e-Travel Management (Aergo) you easily enforce your travel policies and manage all data effectively. Additionally, our new one-way fares functionality increases the already outstanding string of travel options at your disposal.

As you grow your business we grow with you. That's why we design Amadeus solutions at all times with your needs in mind and offer you ever-increasing flexibility.

Why partner with Amadeus? Because Amadeus gives you all you could possibly expect from a travel management solution and more.

Find out how you can make your travel management programme more flexible and gain cost efficiencies always being in control: contact Andrew Knowlman at aknowlman@amadeus.com.au
